## Welcome as a client to the Salo employment area

As of 1 January 2025, the employment services will be transferred to municipalities and the central government employment and economic development offices (TE Offices) will be abolished. Local government trial projects on employment will also end.

As of 2025, the city of Salo, the city of Somero, the municipality of Koski Tl, and the municipality of Marttila will form a common employment area – the Salo employment area. The city of Salo acts as the responsible municipality in the employment area.

### What should you do?

- The transfer of your client relationship to the Salo employment area does not require any action on your part. Your client data will be automatically transferred.
- You do not need to restart your job search due to the transfer of the client relationship.
- The transfer will not affect your unemployment benefit.
- The transfer will not affect the tasks or services already agreed upon with you. Please note that your designated employee and contact information may change.
- Please remember to keep your contact information up-to-date.

### Instructions for using services in the Salo employment area in the beginning of 2025

- The Job Market Finland website ([www.Tyomarkkinatori.fi](http://www.Tyomarkkinatori.fi)) is the primary service channel. In the e-services section (<https://tyomarkkinatori.fi/en/personal-customers/official-matters>), you register as a job seeker and inform of any changes related to job seeking.
- The organisation of job search meetings may be delayed in the beginning of the year due to the reform. Don't worry, we will get in touch with you!
